Problems logging on to Library electronic resources?

Listen up, dear student. If you are having problems logging in...

...first try logging in to Moodle. If this works, then there is nowt wrong with your username and password.

Can you see a Bradford College name or logo near to the log in box?

No College name or B logo? Look for a link to SHIBBOLETH and click on that.

You might need to tell SHIBBOLETH that you are in the UK, because some resources are international.

Finally, tell SHIBBOLETH that you are a Bradford College student. Click on the College's name.

Still stuck? Email the address below, or come see us.
